Fax: (540)886-3975

EDUCATION

California School of Professional Psychology, (Alliant University), San Diego, California
(APA approved), Ph. D., Clinical Psychology, 1986
Doctoral Dissertation: Remediation of Memory Deficits in Moderate to
Severe Closed Head Injuries.

Fairleigh Dickinson University, Madison, New Jersey
M. A., Clinical Psychology, 1979

Northern University, Boston, Massachusetts
B. S., Psychology/Biology, 1976

CLINICAL EXPERIENCE

Independent Practice, Blue Ridge Neuropsychology, P. C., Staunton, VA
September 1989 to Present

Neuropsychological and Psychological assessments for Pediatric, Adult, and Geriatric patients. Forensic evaluations/consultation pertaining to both civil and criminal issues relevant to local, state and federal courts. Complete Pre-employment screenings and Fitness-for-duty psychological evaluations for local Police Departments. Provide individual psychotherapeutic services for Police Officers deemed fit for duty. Conduct workplace violence risk Assessments for both large and small corporations, private and public schools, as well as a variety of community services agencies. Collaborate with colleagues from local Universities on various research projects, with particular emphasis on forensic issues.

Thomas V. Ryan, Ph. D., ABPP-Ch

Visiting Clinical Assistant Professor

The Department of Psychiatry and Neurobehavioral Sciences
Neurocognitive Assessment Laboratory
University of Virginia Health System
Charlottesville, Virginia
July 1987 to May 2015

Primary responsibilities included adult neuropsychological consultation, teaching, and research in the Neurocognitive Assessment Laboratory, as well as with the University of Virginia's Institute of Law, Psychiatry, and Public Policy.

Part-time Assistant Professor, Department of Graduate Psychology

James Madison University
Harrisonburg, Virginia
September 2010 to 2012

Primary practicum supervisor for graduate students focusing on clinical assessment techniques, psychological as well as neuropsychological measures utilized, interpretation, report writing, and career development.

Postdoctoral Fellow

University of Virginia School of Medicine
August 1986 to July 1987

Evaluated a wide variety of neurological, neurosurgical, psychiatric, pediatric, adolescent and adult patients under the supervision of Jeffrey T. Barth, Ph. D., ABPP. Coordinated neuropsychology grand rounds. Supervised pre-doctoral interns and conducted clinical research. Collaborated on interdepartmental referrals and was the assigned liaison with the Institute of Law, Psychiatry, and Public Policy, essentially interfacing with the subspecialties of Forensic Clinical Neuropsychology and Forensic Psychology.

Director, Neuropsychology Laboratory

Woodrow Wilson Rehabilitation Center
Fishersville, Virginia
July 1987 to August 1999

Responsible for the cognitive and behavioral assessment of In-and Outpatient clients with known or suspected neurological and psychogenic impairments, including congenital anomalies. Performed ongoing consultations with medical as well as nonmedical professions regarding neurobehavioral aspects of adolescent and adult rehabilitation. Conducted individual, group, couples, and family psychotherapy. Supervised yearly post-doctoral Fellows in Clinical Neuropsychology regarding adolescent and adult assessment and interventions. Supervised neuropsychology interns, technical and secretarial staff. Provided educational in-services to various departments Center-wide on a variety of psychological as well as neuropsychological topics.

Thomas V. Ryan, Ph. D., ABPP-Cn

Registered Psychological Assistant

Pain Treatment Center
San Diego, California
August 1985 to July 1986

Under direct supervision, provided clinical psychological and neuropsychological evaluations for adolescents and adults throughout an independent Practice and Teaching Clinic. Conducted initial psychological assessments of chronic and acute pain patients. Provided biofeedback training, stress management, and hypnotherapy with children and adults. Responsible for long-term individual, family, and couples psychotherapy cases.

Chief Psychometrist

University of California Medical Center
San Diego, California
August 1985 to July 1987

Assisted in coordinating a multi-center drug study designed to evaluate the effectiveness of a cholinergic, memory-enhancing agent. Evaluated middle cerebral artery stroke patients at the Veterans Hospital in Dan Diego, The University of California Medical Center, Sharp Cabrillo, and Sharp Rehabilitation Centers.

Clinical Psychology Intern

Outpatient Training Service
Gifford Mental Health Clinic, University of California
San Diego, California
August 1984 to June 1985

Integrated the use of psychodynamic, cognitive, behavioral, and socio-biological approaches involving assessment and treatment. Clinical populations included individuals, groups, couples, and families..

Neuropsychology Intern

University of California Medical Center
San Diego, California
August 1983 to July 1984

Administered, interpreted, and provided individualized feedback as well as treatment planning and referral consultation to professionals for both inpatient and outpatient child, adolescent, and adult clients. Completed neuropsychological assessments for the Department of Neurosurgery, Neurology, Psychiatry, and the Pain Treatment Center. Conducted a weekly supportive psychotherapy group for head trauma patients and their family members. Designed and implemented a protocol for the evaluation of side effects in a new neuroradiological compound undergoing clinical trials.

Thomas V. Ryan, Ph. D., ABPP-Cn

Psychology Intern

San Diego Unified School District

San Diego, California

January 1983 to July 1983

Supervised experience involving psychodiagnostics, psychotherapy, parent training, interviewing, behavioral observation, and long-term treatment planning for pre-school, elementary, as well as high school students. Attended and provided diagnostic input during Individualized Educational Planning (IEP) meetings.
